

# BesTest

01

## Project context

**A**

Highlight the importance of parent's role

**B**

Better opportunities and more efficient education

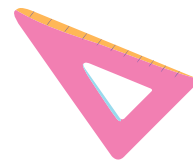

**C**

Resources provided by teachers in one place

## 02 Proposed solution

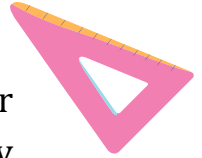

03

## Innovation

- **Highlight the importance of parent's role** in their children's education.
- Give both parents and teachers the ability to interact with each other in order to provide kids with **better opportunities and more efficient education** by grouping all **resources provided by teachers in one place**.
- Provide an individual space for students who want a particular tracking.
